Summary: After getting the week off, Sakura decides to spend her week with her mother doing certain "Mother, Daughter" activities. Contains Yuri and incest.

## 1. Chapter 1

Sakura relieved when she was given the week off from the hokage. After the mission they had just done, Sakura felt close to collapsing by the end of it. Even energetic Naruto was feeling pretty tired. If she had been given another mission after the previous one or been asked to work at the hospital, she would have screamed. Luckily Tsunade could tell all of them were pretty tired, so she gave them a week to rest up.

She went straight home, ready to sit back and relax. She entered inside of the Haruno household and started unbuckling her shoes.

"Sakura, is that you?" Mebuki called out to her daughter.

"It's me. Where's dad?"

"He's out with a few friends, remember? They do it every year. I'm surprised you forgot about it."

"Oh right, so he won't be back until next week then." said Sakura as she started on the next shoe.

"That's right, my dear." Mebuki was hugging the pink haired ninja from behind. "We have the house all to ourselves for the next 8 days."

"I was wondering when we'd have some alone time again." said Sakura smiled as she placed her shoes over to the side before standing up

and looking at her. Mebuki was only wearing an apron and nothing else. Sakura turned to her and they kissed, holding each other close.

Sakura reach down and grabbed the older woman's ass. Mebuki pulled away slightly and rested their foreheads against each other. "I want you so bad, Sakura-chan. You're so mean for keeping me waiting for so long."

"Well Tsunade-sama was in a meeting so we had to wait for her to finish." said Sakura. "Don't you think I was dying to get back to you? If I could have, I would have come straight home. Heck, if I remembered dad would be gone, I would have faked an injury...then again Tsunade-sama is pretty smart. She'd see through it in a heart-beat."

"True." said Mebuki.

"Anyways, I have the whole week off so I can spend as much time as I like with you!" Sakura smiled.

"In that case, let's make this week about us then." Sakura scooped up the older woman with ease and headed upstairs to her bedroom. After laying the blonde woman on the stairs, Sakura quickly shut the curtains and made sure the door downstairs and her bedroom were locked. She couldn't have anybody walking in on the two of them. Sakura took off her dirty clothes and got on top of the aroused woman, locking her in a kiss. The pink haired ninja's hand made it's way down until it reached her already wet pussy.

"You're wet already, aren't you, Mebuki-chan?" asked Sakura as she began rubbing it. Mebuki just whimpered in reply. "You want this badly, don't you?"

Mebuki just nodded, unable to speak at the moment. If only her daughter would stop teasing her. She needed this badly. Sakura could sense this, but she loved the way she squirmed underneath her. After a while of teasing her lover, she pushed one finger and then a second inside of the woman, thrusting slowly at first, and then speeding up the process while Sakura began sucking on her breast. It wasn't long before the blonde came around the younger woman's fingers.

Sakura licked her juices off of her fingers. "Delicious as usual, Mebuki-chan."

"And now it's your turn, Sakura." Mebuki left out of her daughter's bedroom and headed to her own to grab what she needed while Sakura began fingering herself, getting herself ready. Mebuki then came back inside of the room, with a long red strapon tied around herself. Sakura eagerly spread her legs.

She slowly pushed the plastic penis inside of the ninja as Sakura moaned softly as it went inside of her. After getting used to it as it had been awhile since she'd had it inside of her, she nodded for the older woman to start moving. At times like these Mebuki wished she had a real cock, to actually feel Sakura's tight walls closing around her. However the expressions on her beautiful face and her sweet moans were good enough.

"R-right there! D-don't stop!" Sakura gasped running her hands

through her hair. "Yes! Just like that!"

Mebuki quickened the pace once more, pounding against the spot, making the woman beneath her shiver with pleasure. A few minutes later, Sakura cried out as she came. Mebuki kissed Sakura once more, with their tongues exploring each other's mouths.

"Great as always." Sakura said running her fingers through Mebuki's hair.

"Yes...next time, let's try it in the kitchen." said Mebuki rolled off her her.

"You're not up for another round?" Sakura tried not to look disappointed.

"It's not that. I burnt dinner." Mebuki smiled sheepishly.

"I bet you were too busy touching yourself and forgot about dinner." Sakura smirked.

"Maybe." Mebuki blushed. "Let's go out for dinner tonight."

"Alright, but let's take a bath first." said Sakura. "We kind of smell bad."

The two woman headed off to the bathroom together and began bathing. Sakura was in the middle of washing her hair when she felt Mebuki place her hand on Sakura's crotch and another one on her breasts and began massaging it. Sakura bit her lip and blushed as Mebuki began touching her down there.

"Me...ah..." Sakura moaned.

"I'm sorry, I couldn't resist." Mebuki began fingering the ninja, smirking as she did so. "I couldn't just let you stand there with your gorgouous body and not give into it."

Sakura just glared slightly at her and was about to say something, but ended up moaning loudly when Mebuki pinched her nipple and played with a her clit a bit. Sakura came once more after the older woman began fingering her and playing her clit for a while. The two then continued their bath together before getting dressed and heading out for dinner.

## 2. Chapter 2

It was a peaceful and quiet day in the Hidden Leaf village. However one couldn't say so for the Haruno household. If one were to press an ear to the bedroom door of Mebuki Haruno, they would hear the sounds of a headboard banging against the walls most liking causing quite a bit of damage to the poor wall. One could also hear the sound of a woman cursing and screaming her partner's name and the smacking of skin against another, indicated that they were being very intimate with each other.

Inside of the bedroom, the older woman was bent over the edge of the bed as her daughter was pounding her with a large green strapon.

Mebuki was moaning loudly as Sakura continued pounding inside of her, her toes curling up at the sensation of her daughter hitting all the right places.

"Oh yes! Keep going! Just like that, Sakura!" she said gripping the sheets underneath her. Sakura just nodded and quicked her pace gripping her mother's hips. A few seconds later, Mebuki came hard, getting her juices on the floor beneath her. She had the expression of a woman who had been fucked all day despite it being about 2 hours. Sakura slid out of her and began licking the older woman's juices off of the plastic object.

"I wish you didn't have to go to work today." said Mebuki as she sat back on the bed.

"I wish I didn't either." confessed the pink haired ninja as she placed the strapon back inside of a box that was filled with their sex toys. "But Tsunade-sama's a bit short. Besides, I don't mind not going. I'd rather work than go off on a mission."

"Okay then. I need to get back to cleaning anyways." said Mebuki.

Sakura went to go take a shower and put on her clothes. She poked her head into the kitchen. "I'm going to work now."

"Alright. Be safe dear." said Mebuki as Sakura gave her a kiss on the cheek.

"By the way, I'm going to have a surprise for you when I come back."

"Oh?" she raised a brow as she continued doing the dishes.

"You'll have to wait until I get back though. Don't worry you'll love it!" Sakura grinned.

"You can't give me a hint?"

"Nope. Like I said it's a surprise." said Sakura as she placed on her shoes. "Bye mom!"

With that, Sakura headed off to work. Meanwhile Mebuki tried guessing what her daughter had in store for her for when she got home. A surprise huh? Hm, it could be anything knowing Sakura. She could only wait until she got back. Sakura meanwhile was outside of the hokage's office and pressed an ear to the door. She didn't hear anything inside. She peeked in and then quickly went inside. She had to hurry up and find it before Tsunade came back from drinking.

Thank goodness that where ever Tsunade went, Shizune and Tonton went too. After locking the office door, she looked through the scrolls in the backroom of her office searching for the forbidden jutsu she had seen once when helping Shizune put up some forbidden scrolls inside. It was a futanari jutsu. She had no clue why it was forbidden and she'd be damned if she asked something as blunt and embarrassing as that. After 10 minutes, she finally found the scroll she was looking for. She quickly looked over it, making sure she got the signs for it down. Once she was sure she had it, she placed it back in the correct place and went back inside.

She locked the door of the office and performed a silencing jutsu. It should last for good while. She closed the blinds and curtains to the office before getting started. She took off her clothes and performed the jutsu on herself. There was a poof of smoke and suddenly she had a long, thick penis that was around 8 inches and a nice set of testicles to go with it. So it worked! She decided to test it out.

She took a seat on her boss's chair so she could get comfortable. If she made too much of a mess, she'd just clean it. She took her impressive cock in her hand and began stroking it with various images of a naked Mebuki in mind. It wasn't long before the pink haired woman was hard and dripping with precum. She brought a single finger down to the tip and took a bit of precum up her lips and licked the substance off of her fingers. She continued stroking her length, moaning as she did so. She reached up and began massaging her left breast while stroking her cock. As she sped up her movements, she gripped her cock tighter as her hips bucked into her hand. She could feel her orgasm coming.

"Oh shit!" Sakura gasped.

She gasped as hot, sticky load sprayed out all over her hands, the chair underneath her, and Tsunade's desk. She brought her hand up to her mouth and licked her cum off of her hand. She definitely had to try this out on her mom when she got home. Then again she did have some time before she headed home and Tsunade most likely wouldn't be in the for some more hours. She had plenty of time to test it out some more. Smiling to herself, she started back again, enjoying the next experience better than the last.

By the time she had come a fourth time, she reminded herself of where she was and that she needed to leave quickly before someone caught her. She summoned a clone of herself and the two of them quickly cleaned up. Sakura thought about taking her clone on the spot but shook her head. She'd be saving her cock for Mebuki instead. After getting everything clean, Sakura poofed away her clone and put back on her clothes. She cancelled the jutsu on the room before leaving. Sakura quickly made her way home, clearly excited for her surprise for her mother.

Mebuki was in the kitchen preparing dinner once more in nothing but an apron. Sakura snuck up from behind and hugged her, pressing her obvious erection into her bottom. Mebuki was caught off guard by this as she had not heard her daughter come in. Then again she was a ninja, so this was somewhat expected. The thing that caught her off guard the most was the thing poking her.

"Sakura, are you wearing a strapon?" her mother asked. "Did you go to work in that?"

Suddenly she felt it move. What on earth was that? She stared at her daughter. Sakura just turned off the stove and started untying her mother's apron. "You won't need this right now. Let's go into the living room. I wanna show you something."

"Alright then." Mebuki's curiosity was peeked. Just what was she up to? Once they had gotten into the living room and Mebuki took a seat. Sakura casted a soundproofing jutsu before taking off her

clothes.

Mebuki couldn't help but to stare at the prize between her daughter's legs. Instead of her vagina, there was a huge erect penis between her legs. The blonde woman drooled at the sight of it after the brief shock of seeing it was over. "Sakura, you...you've got a uh...so this is my surprise huh. I am pleased at this. One thing is for sure though. I do love it."

"You know how last night you said you've always wanted a cock right?" asked Sakura. Mebuki nodded, remembering herself saying so after the two of them had sex again after going out for dinner. "Well I remembered seeing a special jutsu for it in Tsunade-sama's office. While she was gone for the morning, I went in and memorized it. Of course I had to test it out before using it on you. Don't worry, I used my hands. No clones and no one else. So do you think you can take it?"

"Fuck yeah I can." said Mebuki eagerly staring at twitching penis in front of her. "Let's get this thing lubbed up though though."

Mebuki pulled the ninja's hips towards her face and grabbed hold of it. She licked the tip of it before slowly sliding it into her mouth an inch at a time. She had only taken in a few more inches before she found only 6 inches in her mouth. Sakura wanted to shove the whole thing in her mouth and fuck her mouth like crazy, but refrained from doing so. The blonde slowly moved her lips up and down her shaft, then got faster with her movements while occasionally pulling back and licking the tip. Sakura could feel herself coming closer to the edge as she gripped the back of Mebuki's head.

The older woman sensed this and hummed with her mouth still around her lover's cock while her tongue danced around her cock. Sakura gasped and came inside her mouth. Mebuki quickly swallowed her daughter's semen, downing it without a second thought.

"Mmm, delicious, Sakura-chan." she purred, licking her lips. "Now, fuck me right now."

"R-right." Sakura panted. Mebuki laid down on her back while Sakura got on top of her and slowly slid her semi-hard cock inside of her. Once she got all the way in, both women moaned in ecstasy.

Mebuki was so tight and wet. Her pussy gripped her in all the right ways down there. It felt like paradise being inside of her, but also torture at the same time since she couldn't move. She had to give her some time to adjust to her large size. She had to wait until she gave her the signal to start moving. Mebuki moved a little underneath her before telling her to start moving. Sakura happily did so, making sure to go slowly at first and then start moving a bit faster.

"Faster! Go faster!" Mebuki pleaded as she wrapped her legs and arms around the pink haired ninja. Sakura went as fast as she could grunting as she did so. She locked lips with the older woman before kissing on her neck and whispering dirty things in her ears.

"You like it when I fuck you like this?" whispered the pink haired woman. "You like this don't you, you dirty little whore?"

"Yeah! Yeah! Fuck yes I do!"

"Who's my filthy little slut?"

"I am!" she cried out. "Ah! Sakura!"

"Mebuki!" she gasped. Sakura quickly flipped over with quick reflexes so that Mebuki was on top of her. "Ride me like you did last night."

Mebuki could only moan as she bounced on her daughter's cock while Sakura gripped her ass. Man she had a nice ass on her. Soon Sakura came deep inside of her, filling up the older woman with her hot cum. Mebuki moaned as Sakura came inside of her, as the sensation of her cumming made her orgasm too. The blonde woman barely had time to calm down from before as Sakura made her get down on her knees and push her cock back inside of her.

The pink haired ninja penetrated her to the hilt, before pounding her from behind as the sound of skin on skin could be heard in the room. Sakura slammed her mother's ass, causing the older woman to gasp and moan in pleasure. "You liked that huh?"

"Oh yes!" said Mebuki. "Shit, just like that!"

Sakura reached underneath and began tugging on her mother's nipples while still fucking her from behind. Both women loved this position. Sakura was about to reach much deeper places than she previously had. They would have to do doggy style more often. Soon she could feel her lover's cock twitch inside of her, telling her that Sakura was close to coming again. Sakura let out a load grunt and once again flooded the blonde with her cum.

"Sakura, please do it again." Mebuki whimpered. "It feels so good at this angle...could you maybe pull on my hair this time?"

"Of course, mom." Sakura said grinning. "But first let me do something first."

Using medical ninjutsu, she casted a jutsu to allow them to go on for much longer. Afterwards, she quickly stroked herself again, quickly getting hard again with the site of the older woman's glistening cunt looking back at her. She rubbed her cock against the lips before penetrating her once more. She had one hand on her hip while the other one was on Mebuki's head.

"Oh fuck yes! Just like that!" she cried out.

"Shit, I'm about to come again!" Sakura pulled out of the older woman and shoved her cock in her face. Mebuki opened her mouth as Sakura came on her face and into her mouth. She licked it off and swallowed it while Sakura licking a bit off herself.

"Now what do you want to do now?" Sakura asked as she stroked her semi hard cock.

"You can make shadow clones right?"

"Only a few. Not as many as Naruto though."

"Well could you summon a few?" Mebuki asked. Sakura smiled.

"I don't see why not." she stood up and summon 4 other Sakuras, all of them sporting a large erection. One of the laid down on the floor.

"Come over here and let me fuck that nice ass of your's." she grinned. Mebuki obeyed and sat down on the clone Sakura's penis while Sakura positioned her mother's hand on her cock and another did the same. The fourth clone put her mouth over her erection and began fucking the MILF's face.

Mebuki loved being taken like this as the clone in front of her fucked her face and the other Sakuras moaned as she jerked them off and pounded her. The Sakura underneath her grunted and slapped her ass while the Sakura on the right of her fisted her hair while the one in front forced her cock down her willing throat while Mebuki moaned around it. All five came inside and on her. Mebuki swallowed it all.

All of them pulled out and began rubbing themselves once more. Mebuki sat there on her knees, licking the semen off her fingers. Sakura thought she looked hot ass covered in her cum a she began stroking her still hardened cock. She licked her lips at the site of her cum leaking out of her ass. She'd be using this jutsu a hell of a lot more in the future.

"Mom, I'm about to cum!" Sakura gasped.

"Ah me too!" said her clones.

"Cum all over me!" Mebuki said licking her lips. "Cum all over my face like I'm your cum dumpster!"

The clones and Sakura came over the older woman's face, nearly covering her whole face and head with their semen. Once they came, they all poofed bringing their experiences with them to the original which caused Sakura to cum once more at the thought of it, shooting her load on her mother once more.

Sakura, feeling a bit tired flopped down on the couch. Mebuki wiped her face, making sure that her daughter's cum didn't go to waste. After cleaning herself up, she crawled between Sakura's legs. "Oh dear, you've made quite a mess on yourself. Let me help you."

Mebuki got to work, cleaning off her daughter's cock while sliding a finger inside of her. Sakura gasped and ran her fingers through her lover's hair. Once she cleaned it off, she got on the couch with the younger woman and began kissing her. Sakura pulled away after a while.

"Marry me." she whispered in her ear.

Mebuki looked surprised at her daughter. She wanted to marry her? She wasn't too sure about doing it despite being in love with her. Then again with the affair they had been carrying on with, it wouldn't hurt to do so. However that meant leaving the Hidden Leaf Village and going somewhere nobody would know them which wouldn't be too hard for her, although she couldn't speak for the pink haired ninja.

"Alright, I'll marry you." said Mebuki. "But we'll have to go someplace where no one knows either of us. We'll go when you have extended time off. Then we can sneak off and be together."

"Okay. Tomorrow I'll grab some maps from work so I can see where we could go." said Sakura. "It's going to have to be pretty far from home. I can't have us running into anybody we know. With me being a part of Naruto's team, I'm pretty hard to miss."

"Especially with your hair." said Mebuki brushing Sakura's hair out of her face.

"Yeah. Come on, let's take a bath together." said Sakura getting up. Making the signs, Sakura made her penis disappear. Grabbing her lover's hand, the two of them went upstairs for a nice relaxing bath.
